# **Southampton**

## **Wildlife Management Area**

*Southampton*  
*131 Acres*

---

- SIZE:** 131 acres. The topography is mostly flat with some slopes. The property is about half open fields and half woods.
- U.S.G.S. QUAD:** Mt. Tom
- VEGETATION:** Primarily mixed hardwoods with some stands of conifer.
- WATER:** Broad Brook runs through the property.
- WILDLIFE:** Deer, bear, turkey, woodcock, grouse and numerous non-game species. This is a pheasant stocked area.
- SPECIAL REGULATIONS:** This is a relatively small WMA, so be aware of posted 500 feet no hunting zones.
- PARKING:** There is a designated parking area on Cook Road.
